SLIDE 1: Title

FreshChain - Connecting Farmers to Better Markets

Founder: Valerie

PLP Academy | Agricultural Produce

Eldoret, Kenya | Oct 2026

SLIDE 2: Elevator Pitch

Hi, I'm Valerie. My product, FreshChain, helps smallholder farmers in Rift Valley who want to sell their produce at fair prices by aggregating their harvest and linking them directly to buyers via a mobile app + USSD.

SLIDE 3: Problem

Farmers sell 40-50% below market price to middlemen30-40% post-harvest loss from lack of storage & buyersBuyers face inconsistent supply and qualityNo price transparency, no transport, no records

SLIDE 4: Solution

FreshChain App:Farmers list produce (maize, potatoes, vegetables, milk)Quality check at local collection pointApp matches to verified buyers (schools, hotels, mama mboga)We handle logistics - boda & shared truckInstant M-Pesa payment

SLIDE 5: Market Size

TAM: $8B fresh produce market Kenya

SAM: $1.2B Rift Valley + Nairobi

SOM: $150M Eldoret/Nakuru first phase

Target: 5,000 farmers Year 1

Agriculture = 33% of Kenya GDP

SLIDE 6: Business Model10% commission per saleKES 300 logistics fee per bagKES 2,000/month premium buyer subscriptionFuture: Cold storage + inputs
Avg Revenue: KES 500 per order

SLIDE 7: Competition

Brokers: Exploit farmers, no records -> We are transparent

Twiga Foods: Focuses big farms, Nairobi only -> We focus smallholders, Rift Valley

Local Markets: No quality, no consistency -> We do grading + receipts

Edge: Offline USSD + local collection centers

SLIDE 8: Go-to-Market

Phase 1: Eldoret - 10 collection points, 2 cooperatives, 500 farmers

Phase 2: Uasin Gishu & Trans Nzoia via chiefs, extension officers, WhatsApp

Phase 3: Nakuru & Nairobi buyers

Marketing: Field demos, radio, farmer referral bonus

SLIDE 9: TractionMVP: USSD 384 and WhatsApp ordering list built60 farmers interviewed in Eldoret, 85% said YES2 buyers secured: 1 school + 5 mama mbogaTimeline: Nov - Build App, Dec - Pilot 100 farmers, Jan - 500 farmers
